The second division teams of the Peninsula League rose up in their wrath yesterday and smote the leaders crushing blows, the Newport News Athletics running away with the Artillerists on the Casino lot here by 7 to 2, and the Hamptonians walloping the North Enders at Hampton by the lop-sided score of 6 to 1.

Fort Monroe never had a look-in during the battle on the Casino. The mixing six hits with three bunt hits, the Athletics piled up five counts in the curtain-raising affair and that lead proved more than enough to clinch the game. The locals added two more later on and might have scored an even dozen had they played the game at certain times.

Speakman was in rare good form and his slow breaking out-curve ball had the slugging soldiers guessing all the way. Three measly singles—one a scratch—was the sum total of the batting efforts of the visitors.

Eddie Monfalcone broke into the game and caught well for the Athletics. He handled himself nicely and used good judgment and head work throughout.

Both teams played rather ragged ball, but some fast fielding was contributed by each side.

A few years ago, if people wanted pure paint they were obliged to buy the Lead and Oil and mix it themselves, as there were no Pure Ready Mixed Paints to be had. Today, however, there is no reasonable excuse for using the antiquated hand-mixed paint, since you can buy

#### Pirates Hit Wiltz Hard.

NEW YORK, July 10.—Pittsburgh defeated New York today before another mammoth crowd by a score of 8 to 2. Only once did the locals have a look in for victory. That was in the second inning, when Bridwell, after scoring two runs on a triple, tried for the plate and failed.

Wiltz had no hits for the visitors who made 11 hits, two of which were for home runs. Barring the second round, the locals could do little with Leifeld.

## SPORTING GOSSIP

With Reynolds back in condition, the North End team should make a strong bid for the pennant. The team hits, fields and runs bases well and is the proud possessor of a score or more of horse shoes, billikens and rabbits' feet. That's a mighty strong combination to back.

"Rabbit" Jackson, the fleet-footed outfielder who was signed by North End, went to Rocky Mount, N. C., last week with Searies to play in the Eastern Carolina League. North End lost two mighty good men in Jackson and Searies, but at least they are not fast enough for the Carolina League.

Eddie Monfalcone has broken back into the game again and is catching for the Athletics. "Junie" Davis is playing first base for the same team.

Jacobs has been pitching a classy article of ball for the Artillerists this season. The soldiers should win the pennant as they have more players than the other teams and more time to practice.

Simpson, the North End flinger, has the making of a good pitcher and would be one if he used more head work. His greatest failing seems to be in his desire to pitch drop balls with runners at third base. Better let the man score on a hit than a wild pitch.

Hampton's Champions of last season seem to be very weak this season. The Hamptonians have a strong team, but the players do not seem to be able to work together.

The Newport News Athletics are about the best hitters in the league, but they are weak in fielding and pitching. One good pitcher would prove a world of strength to the team and the Athletics would be dangerous opponents for any other aggregation in the circuit.

Roanoke, Richmond and Danville are still grimly fighting for first place. First the Sox, then the Champs and again the Highlanders are in the lead. Roanoke has all the advantage now as it has the best pitching staff of the three leaders.

John McGraw's tail-enders of two months ago are coming to the front at a steady gait now and the Pirates and Cubs are going to have an awful strenuous fight to keep them down. The race in the National promises to

be almost as close this season as it was in 1908 when Merkle "Merkled" the pennant for the giants.

Canfield is on the warpath again. He recently asked for waivers on Tom Hughes, Tannehill and Nick Altrock and the news leaked out at American League headquarters. It certainly looks as if Canfield is trying to throw the hooks into the Washington club.

The New Yankees are not of pennant-winning calibre and they are steadily going down hill. It was claimed at the opening of the season that the Yankee would cop the pennant. Their performance in Richmond just before the season opened did not indicate it.

June has come and gone and Connie Mack's youngsters have not yet blown up as some of the American League magnates had predicted. They are giving the Tigers a hard fight for first place at the present writing.

Krause, Connie Mack's Pacific coast wonder, is the find of the season and is being dubbed the Mathewson of the American League.

#### 200-Mile Supremacy Race.

(By Associated Press.)  
SANTA MONICA, CAL., July 10.—In a 200-mile supremacy automobile contest today, the Apperson car won in 3 hours, 7 minutes, 45.15 seconds. The Chadwick car finished second and the Stearnes, third. The Chalmers-Detroit won the small car race—time, 3:38:25. Stoddard-Dayton, second; Buick, third.

#### New Auto Record.

(By Associated Press.)  
SPRINGFIELD, ILL., July 10.—At Illinois State Fair Grounds track today Lewis Strang, driving Louis Chevrolet's Buick, broke the 50-mile circular track world's automobile record of 53 minutes and 45 seconds, made by himself at Columbus, Ohio. The new mark set today was 52 minutes, 48 seconds.

#### Best Sale of Yearlings.

(By Associated Press.)  
SHEEPSHEAD BAY, N. Y., July 10.—The best sale of yearlings this year was held at Sheepshead Bay today when the youngsters from the Castleton stud, belonging to J. R. Keene were sold. Twenty-five head sold for a total of \$25,425.

#### Small Car Race.

(By Associated Press.)  
SANTA MONICA, CAL., July 10.—The Chalmers-Detroit car, with Bert Dingley at the wheel, finished in the small car race for the Shelter cup in the splendid time of 3:38:25. This was an average for the 202.2 miles of 55.2 miles an hour. The Stoddard-Dayton was second in 3:42:30. The Buick was third in 3:49:18.35.

#### Misunderstood.

From a crowd of rah-rah college boys celebrating a crew victory a policeman had managed to extract two prisoners.

"What is the charge against these young men?" asked the magistrate before whom they were arraigned.

"Disturb the peace, yer honor," said the policeman. "They were given their college yell in the streets and making trouble generally."

"What is your name?" the judge asked one of the prisoners.

"Ro-ro-robert Ro-ro-roberts," stammered the youth.

"I asked for your name, sir—not the evidence."—Everybody's Magazine.

The Maximum-and-Minimum Trick. When the revised tariff legislation reaches the White House, to be accepted or rejected by the President, it will probably be a worse measure than most people think—and most people have already realized that the bill is unlikely to effect any reduction of the Dingley average rates.

The full significance of the maximum-and-minimum provision of the bill is not yet grasped. This provision authorizes the President to raise the rates 25 per cent on imports from any country which refuses to make concessions in its own tariff on such goods. Authorization in such a case is equivalent to instruction.

The Aldrich-Payne bill will probably be just as high or higher than the Dingley bill, without the maximum-and-minimum arrangement; but with that new device, there will be an easy approach, by automatic moving stairway, to rates 25 per cent or more in advance of the highest tariff the country has ever had up to this time.

All things considered, the impudence of the Tariff Trust is amazing. These greedy beneficiaries of special legislation have evidently made up their minds that the American public is "easier" than Barnum ever thought it, and that makes no difference how much the consumer is squeezed. Even the possibility of killing the goose that lays the golden egg is ignored. Like the daughter of the horse-leech, the tariff barons cry always, "More, more!" Like Warren Hastings, they are astonished at their own moderation.

Perhaps the time will come, if this things keeps up, when the Paynes and the Aldriches and the Cannons will be as frank as was the chief financier of the Florentine Senate in the Middle Ages. Senator Johnston of Alabama, during the present tariff session at Washington, quoted from the speeches in which Aldrich of Florence successfully advocated a tax measure on the ground that it placed the burdens of taxation on the common people and added to the wealth of the dominant families of the state.—Norfolk Landmark.
